PIPE LINE INDUSTRY

JANUARY • DECEMBER 1962

WILLIAM G. DUDLEY ..... *Publisher*

MELVIN A. JUDAH ..... *Editor*

DON DE PUGH ..... *Construction Editor*

WALLACE FITZGERALD ..... *Managing Editor*

DONALD M. TAYLOR ..... *Engineering Editor*

ANTHONY GIBBON ..... *Mid-Continent Editor*

DON E. LAMBERT ..... *Associate Editor*

CHARLES VERVALIN ..... *Associate Editor*

JACK COCKERHAM ..... *Presentation Editor*

CAROL HOOPINGARNER ..... *Editorial Assistant*

PAT BLACKMAN ..... *Editorial Assistant*

BEVERLY HENRY ..... *Editorial Assistant*

EUNICE M. OKONESKI ..... *Librarian*

PIPE LINE INDUSTRY
Is Published By
GULF PUBLISHING COMPANY

EXECUTIVE OFFICES: 3301 ALLEN PARKWAY, HOUSTON
CABLE ADDRESS, GULFPUBCO, HOUSTON
World's Largest Specialized Publishers to the Oil/Gas Industries

WILLIAM G. DUDLEY ..... *President*

TOM W. NELSON ..... *Vice Pres.-Gen. Mgr.*

R. M. DE SOMBRE ..... *Vice Pres.-Asst. Gen. Mgr.*

NELSON L. BIGELOW ..... *Vice President, Sales*

MRS. RAY L. DUDLEY ..... *Vice President*

P. J. AUCOIN ..... *Treasurer*

1962 ANNUAL EDITORIAL INDEX

Vol. 16, No. 1 through Vol. 17

Index by Subjects 2

Index by Authors 5

Regular Monthly Departments . . . 6

GPC PUBLICATIONS

PIPE LINE INDUSTRY and The PIPE LINE CATALOG for the oil and gas pipe line industry.

WORLD OIL (formerly The Oil Weekly) and The COMPOSITE CATALOG for the drilling-producing industry.

HYDROCARBON PROCESSING & PETROLEUM REFINER and The REFINERY CATALOG for the hydrocarbon processing industry (HPI).

INDEX BY SUBJECTS

EDITORIALS

	Issue	Page
1962 Will Be a Good Year for Contractors . . . if—M. S. Williams	Jan.	5
How Much Regulation is Too Much—Melvin A. Judah	Feb.	4
For Spaceman and Pipeliners the Word is 'GO'—Don Taylor	March	4
Are You a Pro?—Donald M. Taylor	April	4
Now is The Time For Unity—H. A. Eddins	May	4
Freedom—First Generation Out of the Bush—Melvin A. Judah	June	4
Reality Seen With More Light . . . Less Heat—Melvin A. Judah	July	4
When Your Time is Worth $10,000 an Hour—Don Taylor	Aug.	4
There's Still Room for Us Screwballs, 40 'Inventions'—Melvin A. Judah	Sept.	4
But Not in a Perfect Safety Record—Melvin A. Judah	Sept.	4
Political Advice from a Man Who Has Been There—Frank N. Ikard	Oct.	4
Senate Energy Study Factual . . . Committee Evaluation to Come—Melvin A. Judah	Nov.	5
Growing Pipe Line Network Brings Progress to the Free World—Melvin A. Judah	Dec.	4

COMMUNICATIONS, CONTROLS AND INSTRUMENTATION

	Issue	Page
Texas Eastern's Longview Station Thinks for Itself—Melvin A. Judah	Jan.	59
15,000-HP Compressor Unit Cuts Costs—Melvin A. Judah	Feb.	43
Generator Driven by Gas Flow is Proving Out	March	52
How Transco and Trunkline Protect Microwave Towers—Melvin A. Judah	March	58
Universal Control System Can Handle Any Engine—Donald M. Taylor	April	44
Columbia Gulf's Experience With Full Automation	April	47
What Can Be Done About Transmission Noise?—F. Vinton Long	April	49
How Humble's New Products Line Simulator Works	April	52
Controller Solves Clearance Pocket Settings Graphically	April	57
Thermoelectric Generator Protects 6 Miles of Line	May	73
Pipe Line Measurement—Progress and Promise—Ralph W Howe	June	72
How to Limit Torque on Automatically Controlled Engines—W. B. Anderson	June	75
Engineering Instruments for Offshore Pipelining—Robert J. Brown	June	79
Automatic Pipe Lines for Air Lines	July	56
Computer Calculates BHP and Plots Capacity Curves—Robert H. Meyer	July	61
Competitive Merits of Electric Motor and Gas Turbines for Gas Lines—E. C. Riall, Jr.	Aug.	40
Shop-Made Instrument Slows Down Digital Signal	Sept.	53
More About Reading Meters by Telephone	Sept.	77
How Humble Measures BS&W to Nearest 0.01%—A. W. Jasek	Oct.	62
Transco's Automatic Storage Station—Donald M. Taylor	Nov.	36
Handbook for LACT Operations (Part 1)—Donald P. Byers	Nov.	43
Automatic Control of the Alberta-California Systems—William C. Brady	Nov.	48
LACT System Cuts Offshore Tankage Requirements	Nov.	56
How New Turbine Meters Work and What They Can Do—E. N. Hayes	Nov.	57
How Texas Eastern Continues Evolution in Automation—Melvin A. Judah	Dec.	57

CONSTRUCTION METHODS

GENERAL

	Issue	Page
28,461 Miles of Pipe Lines Forecast for This Year—Don De Pugh	Jan.	38
New Ideas and Developments—1961—Melvin A. Judah & Donald M. Taylor	Jan.	40
Three New Automatic Welding Machines for the R.O.W.—Melvin A. Judah & Donald M. Taylor	Jan.	40
Semi-Automatic Welding—The Big Breakthrough—Melvin A. Judah & Donald M. Taylor	Jan.	42
Mobile Mill Lays Pipe on Right of Way—Melvin A. Judah & Donald M. Taylor	Jan.	43
New XC-60 Pipe Has High Weldability—Melvin A. Judah & Donald M. Taylor	Jan.	44
Improved Method of Leak Detection During Hydrostatic Tests—Melvin A. Judah & Donald M. Taylor	Jan.	45
Nine Cost-Cutting Ideas for Pipeliners	Jan.	47
Shaky Lizard Keeps Rocks Away from Coating	Jan.	47
Ammonium Nitrate Cuts Ditch in Caliche Country	Jan.	48
Cutter Wheel on Trencher Slices Through Asphalt	Jan.	48
Freeze Ice-Plug in Line to Save Hydrostatic Test Water	Jan.	49
Dope Chopper, Stone Pickers Save Money	Jan.	49
Make Your Tractor Tracks Last Longer	Feb.	28
Crossing a River with 16 Four-Inch Plastic Lines in a Bundle	March	50
Fuel Oil Marketers Try New Wrinkle in Battle for Home Heating Sales	March	69
El Paso Natural Gas Lines Span RR Tracks	April	73
Mill Applies Dry Epoxy to Hot Pipe	April	74
Design and Construction of Tennessee Gas' Ohio River Crossing—J. P. Bristow	July	45
Self-Loading Pipe Floats Pay Off on Canadian Jobs	July	54
Automatic Pipe Lines for Air Lines	July	56
Pipeliners Head off Disaster at Douglas Pass	Aug.	34
800-Foot Crossing Driven Under 42 Railroad Tracks	Aug.	38
Foamed Plastic Cradles—Tools of Many Uses	Aug.	43
40 Ideas For Better Pipelining	Sept.	43
Make Small Trencher from Lawn Mower Parts	Sept.	44
Seed and Asphalt Solve Right of Way Problem	Sept.	51
New Pig for Internally Coated Big-Inch Lines	Sept.	54
Line Kept in Service as It Was Relocated—J. G. Mounts	Sept.	67
D. C. Current Aids Pile Driving	Sept.	78
Stress Problems With Thin-Wall Pipe—T. J. Atterbury	Oct.	46
Contractors Lay Portal System Along Railroad R.O.W.—Don De Pugh	Oct.	50
$2 Million Jet Trenching Barge	Nov.	60
Many New English Pipe Line Projects Ready to Kick Off—M. Swiss	Dec.	40
Progress Report on Central European Pipe Line	Dec.	44
Europe's Largest Crude Line Ready for Operation—Joseph Kornfeld	Dec.	47

CROSSINGS—RIVER, RAIL AND ROAD

	Issue	Page
Trunkline's New Road Boring Technique—Melvin A. Judah & Donald M. Taylor	Jan.	44
New Design Makes World's Largest Aerial Span Possible—Melvin A. Judah & Donald M. Taylor	Jan.	45
Self-Supporting Arch Spans 150-Ft. Canal—Melvin A. Judah & Donald M. Taylor	Jan.	46
Ice Bridge Supports Equipment for River Crossings	Jan.	47
Crossing a River with 16 Four-Inch Plastic Lines in a Bundle	March	50
El Paso Natural Gas Lines Span RR Tracks	April	73
Design and Construction of Tennessee Gas' Ohio River Crossing—J. P. Bristow	July	45
800-Foot Crossing Driven Under 42 Railroad Tracks	Aug.	38
How to Concrete a Bed Rock River Crossing	Sept.	53
1,400-Foot 'Hose Line' River Crossing	Sept.	59

CONSTRUCTION METHODS—(Cont'd)

MARINE CONSTRUCTION METHODS

New Technique Lays Pipe in 9,000 Ft. of Water—Melvin A. Judah & Donald M. Taylor.....Jan. 42
Pipeliners Use 'Submarine' to Repair and Re-Coat Pipe in 40 Feet of Water.....Mar. 44
Two Ways to Find Lines Lost at Sea—Donald M. Taylor.....March 54
Locating Lines with Audio-Frequency Signals—Darrel D. Byerley.....March 56
Are Offshore Pipeliners Missing a Bet?—A. J. Tucker.....May 64
Engineering Instruments for Offshore Pipelining—Robert J. Brown.....June 79
Brute Strength Pays Off; Barge Lays Pipe in 7-Foot Seas—Donald M. Taylor.....Oct. 40
LACT System Cuts Offshore Tankage Requirements.....Nov. 56
$2 Million Jet Trenching Barge.....Nov. 60
Screw Anchors Hold Wandering Submarine Line—S. M. Holland.....Dec. 54

REPORTS AND FORECASTS

28,461 Miles of Pipe Line Forecast for This Year—Don De Pugh.....Jan. 38

ENGINEERING & DESIGN ARTICLES

GENERAL

New Ideas and Developments—1961—Melvin A. Judah & Donald M. Taylor.....Jan. 40
Nine Cost-Cutting Ideas for Pipeliners.....Jan. 47
Constructing Compressor Stations in Loess—J. V. Parcher.....Jan. 54
Texas Eastern's Longview Station Thinks for Itself—Melvin A. Judah.....Jan. 59
Development of Dry-Film Lubricant for Valves—Robert J. Sarraf.....Feb. 34
Crossing a River with 16 Four-Inch Plastic Lines in a Bundle.....March 50
Engineering of Aluminum Pipe Lines—L. E. Pennington.....March 60
Universal Control System Can Handle Any Engine—Donald M. Taylor.....April 44
Columbia Gulf's Experience With Full Automation.....April 47
What Can Be Done About Transmission Noise?—F. Vinton Long.....April 49
How Humble's New Products Line Simulator Works.....April 52
Controller Solves Clearance Pocket Settings Graphically.....April 57
Waste Heat Turbine Adds About 470 Hp to 1075 Hp Gas Turbine—Adrian W. McAnneny....April 60
Digest: How El Paso Natural Uprated Two Gas Turbines—J. I. Uhr & B. J. Matthews.....April 66
Digest: How Single-Shaft and 2-Shaft Gas Turbines Compare—Tracy S. Park, Jr. & Heral Singleton.....Apr. 69
Simplified Design for In-Line Pulsation Dampener—Paul A. Wade.....May 48
Are Offshore Pipeliners Missing a Bet?—A. J. Tucker.....May 64
Sandblasting Solves a Problem—S. L. Reynolds and J. T. Wootan.....May 67
Economic History of Oil Pipe Lines—R. J. Andress.June 52
Looking Ahead—What's New in Petroleum Storage—C. C. Keane and J. R. Pfitzer.....June 65
Design and Construction of Tennessee Gas' Ohio River Crossing—J. P. Bristow.....July 45
Foamed Plastic Cradles—Tools of Many Uses.....Aug. 43
What Causes Pulsation in Gas Transmission Lines?—Arthur P. Gallagher.....Aug. 45
40 Ideas For Better Pipelining.....Sept. 43
Reduce Drawings to 35 MM Film and Cards.....Sept. 43
Heating Cables Stop Crude Line Freeze-Up.....Sept. 51
1,400-Foot 'Hose Line' River Crossing.....Sept. 59
Brute Strength Pays Off; Barge Lays Pipe in 7-Foot Seas—Donald M. Taylor.....Oct. 40
Stress Problems With Thin-Wall Pipe—T. J. Atterbury.....Oct. 46
Contractors Lay Portal System Along Railroad Right of Way—Don De Pugh.....Oct. 50
Putting Engines' Waste Heat to Work—J. C. Stewart.....Oct. 57

INTERNAL COATING & CLEANING

Sandblasting Solves a Problem—S. L. Reynolds and J. T. Wootan.....May 67

COMPUTERS IN PIPE LINE DESIGN (See Communications, Controls and Instrumentation)

P. D. METERING (See Communications, Controls and Instrumentation) also Operations

A Graphical Method for Dispatching Crude Lines—Frank E. Hangs.....Aug. 36
How Humble Measures BS&W to Nearest 0.01 Percent—A. W. Jasek.....Oct. 62
Handbook for LACT Operations—Procedures Part 1—Donald P. Byers.....Nov. 43
LACT System Cuts Offshore Tankage Requirements.Nov. 56
How New Turbine Meters Work and What They Can Do—E. N. Hayes.....Dec. 57

SLURRY PIPELINING

Fundamentals of Solids Pipelining. (Part 2)—R. F. McNamara.....Jan. 50
Fundamentals of Solids Pipelining (Part 3)—R. F. McNamara.....Feb. 31

STATION DESIGN (See also Operating Articles)

Constructing Compressor Stations in Loess—J. V. Parcher.....Jan. 54
Texas Eastern's Longview Station Thinks for Itself—Melvin A. Judah.....Jan. 59
Table Top Station Models Speed Personnel Training.Feb. 38
15,000-HP Compressor Unit Cuts Costs—Melvin A. Judah.....Feb. 43
Universal Control System Can Handle Any Engine—Donald M. Taylor.....Apr. 44
Columbia Gulf's Experience With Full Automation.April 47
What Can Be Done about Transmission Noise?—F. Vinton Long.....April 49
Controller Solves Clearance Pocket Settings Graphically.....Apr. 57
Waste Heat Turbine Adds About 470 Hp to 1075 Gas Turbine—Adrian W. McAnneny....Apr. 60
Digest: How El Paso Natural Uprated Two Gas Turbines—J. I. Uhr and B. J. Matthews.....Apr. 66
Digest: How Single-Shaft and 2-Shaft Gas Turbines Compare—Tracy S. Park, Jr. and Heral Singleton.....April 69
Simplified Design for In-Line Pulsation Dampener—Paul A. Wade.....May 48
How to Specify Aerial Coolers for Compressor Stations—H. O. Porter.....May 61
Looking Ahead—What's New in Petroleum Storage—C. C. Keane and J. R. Pfitzer.....June 65
Modernizing 30-Year-Old Compressor Stations—Carl F. Julstrom.....July 64
What Causes Pulsation in Gas Transmission Lines?—Arthur P. Gallagher.....Aug. 45
Tool Makes It Easy to Align Motor and Pump....Sept. 48
Putting Engine's Waste Heat to Work—J. C. Stewart.....Oct. 57
Combustion Controls Cut Engine Fuel Costs—F. H. Fellows, J. M. Ranck and Fred Schaub...Oct. 67
Transco's Automatic Storage Station—Donald M. Taylor.....Nov. 36
Automatic Control of the Alberta-California System—William C. Brady.....Nov. 48
Free Piston Engine Installations Now Total 600,000 Hp.....Nov. 63
How Texas Eastern Continues Evolution in Automation—Melvin A. Judah.....Dec. 57

REGULAR MONTHLY DEPARTMENTS

IDEAS FOR THE FUTURE

	Issue	Page
Commerce Department Studies Feasibility of Electronic Highway	Jan.	63
New Fuel Oil Burner to Heat Up Competition for Home Heating Units	Jan.	63
Research: What it Costs and Who is Paying for it	Jan.	63
Pressure Vessels With Ultimate Tensile Strength up to 285,000 psi	Jan.	63
TV Camera Fits Inside 3-inch Pipe	Jan.	64
Digital Computer Trouble Shooter	Jan.	64
By Changing Voice to Code, Phone Company to Effect Big Expansion	Jan.	64
Mechanical Bloodhounds for Doctors and Industry	Feb.	55
Machine Measures Human Breath Thrust	Feb.	55
Cheaper Plastic Tanks for Sour Crude	Feb.	55
Bacteria Spoils Products and Tanks	Feb.	55
Computer that Can Answer You Back	Mar.	76
Aircraft Jet Engine Completes 15-Month Compressor Station Run	March	76
Gas Flames Dispose of Waste	March	76
Fluorocarbon Resin Films Will Be Available Soon	March	76
Organic Fiber Withstands 18,000 F	March	77
Underground Storage of LNG Considered For New England	March	77
Titanium Alloy with 0.1 Percent Yield at 200,000 psi Developed	March	77
Missile Steel has 270,000 psi Yield	March	77
How Our Patents Are Helping Soviet Engineers and Scientists	March	77
Sonic Pile Driver Gets Workout	March	77
Steel Company Looks Into Future; Unveils Ideas on 1975 Automobiles	March	78
Coal May Work in MHD Generator	March	78
New Epoxy Foam Looks Promising	March	78
Non-Warping Green Lumber	March	78
New Technology-Fiber Metallurgy	March	78
A Better Look at Mars	March	78
Flow Problems Solved by Computer in Two Minutes	April	76
Two Companies Making Super-Magnets	April	76
Welding Metal Plates with Explosives	April	76
Another Super Tanker Loading Method	April	76
Epoxy Base Mortar Cuts Labor Costs on Masonry Work	May	74
Developing Countries Need a Good Supply of Windmills	May	74
All-Aluminum Submarine Will Make Studies at 15,000 Feet	May	74
Super-Small Computer Bows in	May	74
Substitute for X-Rays	May	74
Colored Asphalt Pavings	May	74
Checking out Blasting Caps Before Setting Off the Charge	May	75
Scaring Birds—Scientifically	May	75
Recorder Tells What Happens to Goods, Baggage, etc. in Shipping	May	75
Stringing Trailer Loads, Unloads Pipe	May	75
Revolution in Home Energy Market	May	76
Pilot-Pull Principle Ups Tunneling and Boring Rates	May	76
Advances in Fuel Cells	May	76
Better Arc Weld: Vibrate and Stir Puddle Refines Grain Structure	May	76
Second Saline Water Plant in Operation	May	76
Gas Turbines Will Supply All Energy for Texas High School	June	83
How You Can Aid Heart Attack Victim	June	83
Jellyfish Forecast Storms—Say Russians	June	84
Missile to Help Smokey (Bear) Fight Fires	July	67
Vibration Improves Heat Exchangers	July	67
Training Control Device Teaches Complex Skills in Half the Time	July	67
Radar Unit Uses Light Instead of Microwaves	July	67
Engineers See New Uses for Coal	July	67
Automatic System Reads Gas Meters Over the Telephone	July	68
Crystal Improves Microwave Receiver	July	68
Vapor Plating—New Method for Welding	July	68
Super Insulation Coating May Have Pipe Line Application	July	68
Radio-Active Ball Finds Products Leak	July	69
Warmer Clothes for Arctic Weather	July	69
Breakthrough in Solid State Electronics	Aug.	52

IDEAS FOR THE FUTURE—(Cont'd)

	Issue	Page
New Laser-Maser May Close Gap Between Microwave and Infrared	Aug.	52
Infrared Detector Increases Sensitivity 10,000 Times	Aug.	52
Mass Flow Meter Will Measure Ice, Coal, and Mixed-up Fuels	Aug.	52
Plant to Recover Crude from Tar Sands	Aug.	52
Instrument Run Inside Line Will Record External Corrosion	Aug.	53
Truck-Mounted Plant Removes 71-97.5% of Radioactive Contamination from Water	Aug.	53
New Tape Will Cover the Roof	Aug.	53
Pressure Variation in Jacket Sets Off Emergency Shutdowns	Aug.	53
Bacteria Supply Current in New Type of Fuel Cell	Aug.	53
Rumor: New High Efficiency Steam Engine Under Development	Aug.	53
Jet Tugs Make Shallow Rivers Navigable	Aug.	54
Gas Reserves Rise 20%	Aug.	54
Highlights on Research in Gas	Aug.	54

Producers Pipeline Ltd. Plans 50-Mile, 6-Inch Line	June	92
Western Pipeline Awarded Contract by Linde Co.	June	92
A T & T Lets Contract to Bechtel Corp.	June	92
Yellowstone Pipe Line Plans 86-Mile Extension	June	92
$28 Million Crude Line Planned for Rhodesia	June	92
Spanish Company Asks Bids on Oil Pipe Line	June	92
Sui Multan Line to Be Extended	June	92
Cities Service Begins Work on Helium Plant	June	92
Western Natural Lets Contract to T-T Firm	June	92
Northern Natural Revises Construction Program	June	92
Atlantic Seaboard Awards Contract to Williams Bros.	June	92
Southern Pacific Lets Contract on 113-Mile Line	June	92
TGT Plans Sale of Agua Dulce-Kinder Line	July	76
Portal Pipeline Lets Contracts to Burden, River	July	76
Mid-America Pipeline Lets Contract to Davis	July	76
Mountain Fuel Awards Contract to Pease Bros.	July	76
National Transmission Lets Contract for Jet Fuel Line	July	76
Coastal States Purchases Pipe Lines from Sinclair	July	76
Humble Pipe Line Co. Completes Products Line	July	76
Wolverine Pipe Line Plans 94-Mile Products Pipe Line	July	76
Humble Oil & Refining Acquires Olin Oil & Gas	July	76
Southern Pacific-Santa Fe Plan Joint Products System	July	77
Michigan Wisconsin Lets Contract on 177 Miles	July	77
Natural Gas Storage Receives FPC Approval	July	77
Trans-Canada, Pacific Petroleums Propose 580-Mile, 6-Inch Pipe Line	July	77
Texas Eastern Lets Contract on Loop Lines	July	77
Southern Counties Gas Co. Plans 33-Mile, 16-Inch Line	July	77
Michigan Consolidated Lets Contract to Somerville Co.	July	77
Yellowstone Pipe Line Co. Lets Contract on Jet Line	July	77
Montana Dakota Awards Contract to Williams Bros.	July	77
Lone Star Constructing 16-Mile, 24-Inch Gas Line	July	77
Hood Corporation Gets Contract for Laying Cable	July	77
Humble Oil & Refining Lets Contract to Gregg	July	77
Colonial Pipeline Co. Lets Contract on 1,036 Miles of 36-Inch Main Line from Houston to Greensboro, N. C.	Aug.	63
Florida Gas Building 32-Mile, 8-Inch Line	Aug.	63
Mountain Fuel Building 69-Mile, 20-Inch Line	Aug.	63
Panhandle Eastern Pipe Line Awards Contracts on 450 Miles of Loop Lines	Aug.	64
East Ohio Lets Contract to H. L. Gentry Construction	Aug.	64
Work Underway on Transcontinental's $71 Million Construction Program	Aug.	64
Columbia Gulf Awards Contract on Loop Lines	Aug.	64
Northern Lets Contract to Panama-Williams Corp	Aug.	64
Injecting N_2O During Hydrostatic Test Finds Leak on Monsanto Chemical's Line	Aug.	65
Mesa Pipe Line Co. Receives Authorization	Aug.	65
Texas Gas Transmission Lets Contracts on 225 Miles 26-30-Inch Loop Lines	Aug.	65
NGPL Lets Contracts on 265 Miles of Loop Lines	Aug.	66
Northern Gets Examiners Approval to Deliver Gas	Aug.	66
Lakehead Pipe Line Lets Contracts to Majestic	Sept.	83
Laclede Pipeline Co. Plans Products Line	Sept.	83
Texaco, Inc. Lets Contract on 58 Miles	Sept.	83
Canadian Helium Plans Helium Extraction Plant	Sept.	83
Southern Natural Gas Co. Plans $23.5 Million Construction Program	Sept.	83
Vienna to Trieste Line Set for 1965 Complete	Sept.	83
A. J. Curtis Laying 44-Mile Water System	Sept.	83
Tennessee Gas Pipeline Co. Awards Contracts for Station Work	Sept.	84
Davis Construction Co. Awarded Northern Work	Sept.	84
Union Oil Considering Crude Line in Australia	Sept.	84
Wyco Pipe Line Plans 205-Mile, 6-Inch Line	Sept.	84
Cape Construction Gets Panhandle Eastern Work	Sept.	84
Submarine Crude Line at Los Angeles Completed	Sept.	85
Wolverine Pipe Line Lets Contracts on 94-Mile System	Sept.	85
Associated to Construct 10 Miles for United Gas	Sept.	85
Mid-Mountain Contractors to Lay Washington Line	Sept.	85
Northern Lets Contract to Shamrock Construction	Sept.	85
Mesa Pipe Line Company Lets Contract to Pease	Sept.	85
Indian Government Plans 260-Mile Products System	Sept.	85
Coastal Lets Contract to Grayco Marine Corp.	Sept.	85
Southern Union Gas Co. Lets Contract to Vinson	Sept.	85
Aramco Plans 14 Mile 30-32-Inch Loop Line	Sept.	85
Woodward Takes Oath as Federal Power Commissioner	Sept.	85
Lone Star Gathering Co. Receives FPC Approval	Oct.	85
Cities Service Plans 38-Mile, 20-Inch Lines	Oct.	85
Colonial Lets Contract on Two River Crossings	Oct.	85
Trans-Canada Pipe Lines Looping Program Underway	Oct.	85
Meurogas Holdings, Ltd. Considers Trans-Europe Line	Oct.	85
Buckeye Pipe Line Lets Contract to M. L. Hulcher	Oct.	85
Cities Service Petroleum Co. Plans 180-Mile, 8-Inch Products System	Oct.	86
Examiner Gives El Paso Approval on Gas Delivery	Oct.	86
Northern Natural Hearing Scheduled for October 23	Oct.	86
Constructors, John Brown Get Gas Line Contracts	Oct.	86
Union Oil Co. Plans 200-Mile Crude System	Oct.	86
Ohio Pipe Line Gets Several Contracts	Oct.	86
Shell-BP Petroleum Lets Contract on Nigerian Line to Williams Bros.	Oct.	86
Amata Gas Corp. Formed to Supply California Gas	Nov.	71
California-Pacific, El Paso File Applications with FPC	Nov.	71
Texas Eastern Extending LPG System with 217-Mile, 8-Inch Allegheny Line	Nov.	71
Magnolia Constructing Crude Gathering System	Nov.	71
Transco Files Application for $17 Million Expansion	Nov.	72
Ashland-Placid Contract Awarded to O. R. Burden	Nov.	72
Wyco Pipe Line Lets Contract to Sheehan	Nov.	72
Dutch Gas Field Grows in Estimations	Nov.	72
Texas Eastern Plans 60-Mile, 30-Inch Loops	Nov.	72
FPC Requires El Paso to Refund $25 Million	Nov.	72
NGPL Plans to Acquire Natural Gas Storage Co.	Nov.	72
Atlantic Seaboard Receives FPC Examiner's Authorization	Nov.	72
Coastal States Awarded Gas Contract in Austin	Nov.	72
33-Mile Pipe Line in Colombia Completed	Nov.	72
Rotterdam-Rhine Line Will Be Extended	Nov.	72
FPC Extends Approval for El Paso Natural	Nov.	72
Texas Eastern Plans 500-Mile Coal Pipe Line	Dec.	76
Sinclair Pipe Line Co. Plans 210-Mile System	Dec.	76
Buckeye Lets Contract to M. L. Hulcher Co.	Dec.	76
Cities Service Awards Contract to O. R. Burden	Dec.	76
Mid-America Opens Pipe Line Expansion	Dec.	76
Pure Transportation Co. Builds New Crude System	Dec.	76
Standard Oil of Ohio Building Products Line	Dec.	76
Cities Service Completes 21-Mile, 26-Inch Line	Dec.	76
Transcontinental Plans Liquefied Storage Plant	Dec.	78
Houston Contracting Laying Line for Humble Pipe Line	Dec.	78
McVean & Barlow Gets Two Oklahoma Contracts	Dec.	78
